

REMARKS

Claims 1-31 are pending. Claims 1-4 were issued in the original patent and have not been amended. Claims 5-31 are new claims added by this amendment, support for which is provided by Figures 2,3,6, and 7 and the accompanying text beginning particularly at column 2, line 49 of the reissue specification. No new matter has been added by this amendment.

Additionally, applicant called attention to an error in claim 4 of the patent as issued. Specifically, column 7, line 4, the term "control" should be "controls." This typographical error was called to the Patent Office, however, no certificate of correction was issued. If necessary, applicant will amend this typographical error in Claim 4 during prosecution.

The reasons and bases for this reissue application and the accompanying claims are outlined in the accompanying reissue declaration. Favorable consideration of new claims 5-31, along with original reissue application claims 1-4, is respectfully requested.

An additional fee of \$618.00 is believed to be due for the presentation of 11 claims in excess of twenty over the original patent, and 5 independent claims in excess of three over the original patent. A check in the amount of \$1358.00 is enclosed herewith which covers the additional claims fees and the reissue application filing fee. The Commissioner is hereby authorized to charge any additional fees or credit any overpayment to our Deposit Account No. 02-3978. A duplicate of the first page of this Preliminary Amendment is enclosed for that purpose.
